welcome to
our school

A letter from the Head Teacher ...why Hanwell Fields?

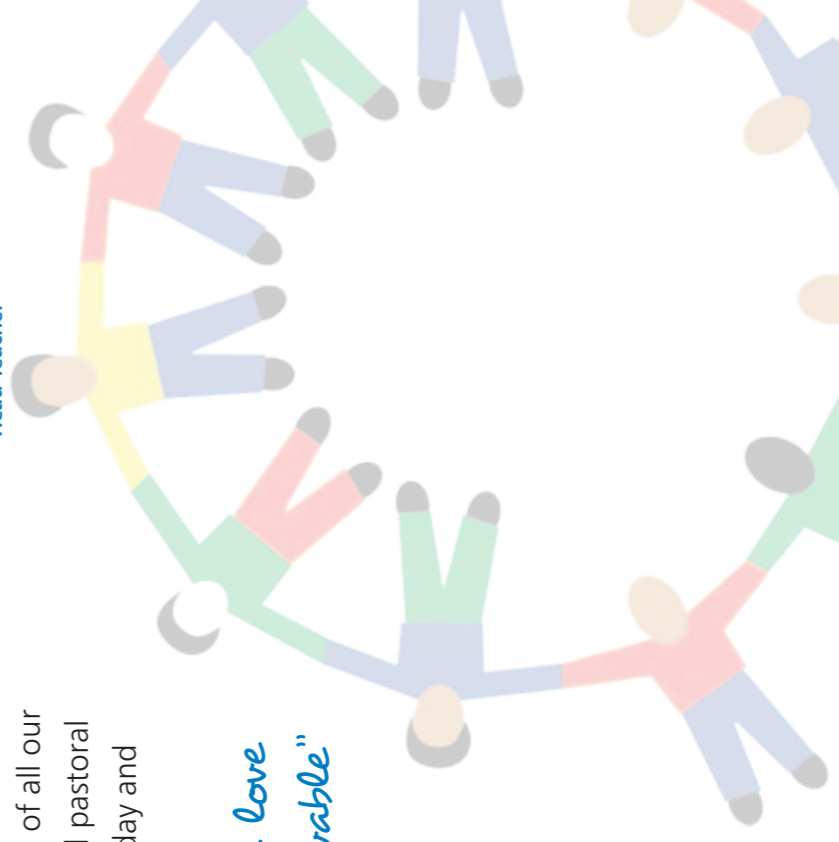

Choosing the right first school placement for your child is one of the most important decisions you will make for them at this stage in their life. A child needs to have a safe, welcoming and stimulating environment.

At Hanwell Fields we pride ourselves on providing an exciting, stimulating, innovative curriculum that will engage and challenge our pupils. We have high expectations of all our members of the school and through high quality teaching, excellent learning and pastoral care, we want our pupils to develop the skills and knowledge to be 'ready for today and driven by tomorrow'.

"Inspiring all to reach full potential by nurturing a love of learning and accepting no limits to what's achievable"

Harry Wall
Head Teacher

Promote and nurture RESPECT for our community

Hanwell Fields takes pride in providing a safe and caring environment that is underpinned by a nurturing approach towards the Early Years curriculum.

The Early Years team encourage children to develop secure, emotional attachments with staff and peers from the on-set. This enables children to become happy learners and meet their full potential with the aim of exceeding national expectations by the end of their reception year.

To achieve the high expectations that we have of our community, the partnership between parents and school is crucial. The EYFS team will proactively encourage you, as a parent, to work together with the school.

respect

Ambition

Build ambition through shared high expectations

Hanwell Fields is driven by high expectations of all stakeholders. We recognise ourselves as lifelong learners.

We want our parents to be involved in their child's learning and development in order to gain an understanding of what we expect of them in the school setting.

We foster a love of learning within enabling environments, planned to encourage independence.

The Hanwell Pledge encourages children to meet inspirational visitors to compliment the curriculum and drive ambition from a young age.

creativity

Develop determination for achievement and success

Early Years children are encouraged to build their determination to achieve. Hanwell Fields children are guided to shape their own experiences to build independent, life-long learning skills.

Determination is nurtured by children being able to self-select activities, assessing their abilities, whilst adults guide and scaffold their learning through skilful questioning and commentary.

Our provision provides children with the opportunities to lead learning through play and develop understanding of their own next steps. We also celebrate the provision of our Forest School. Here pupils attend sessions to help develop their learning in an outside environment.

Hanwell Fields is built on the notion that we foster a love of learning. Through a whole school reward and behaviour policy, we recognise the importance of a consistent approach that celebrates and rewards all of our children.

"Progress in Nursery and Reception is good because children's learning is well planned and adults provide good support and challenge" OFSTED May 2013

embrace

Embrace enthusiasm and encourage creativity

We pride ourselves on providing rich and creative learning experiences.

We recognise the importance to not only embrace enthusiasm but to develop it through an innovative curriculum that allows children to flourish in all seven areas of learning.

We devote ourselves to recognising all skills of the child to ensure that they grow and develop holistically.

The Early Years environment is in itself a colourful stimulating space, excellently resourced to enable and develop your child's creative side.

We believe that enthusiastic learners, create the formula for lifelong learning.

Create confidence through care and celebration

At Hanwell Fields we believe confidence is the key to success. Confidence grows when children feel safe and cared for within an environment that recognises that children are all unique and valued as individuals.

Hanwell Fields will take every opportunity to celebrate your child, not only in school but achievements from home and in the community. We want to capture life's 'WOW!' moments.

These moments are as important to us as they are to you, the parents. They shape success and develop confidence in your child and a shared approach will underpin the importance of partnerships for success.

confidence
