

Mrs Jones – Librarian

Meet Virginia Jones. Virginia is officially our librarian, but she is so much more than that. She has kept the whole school community safe (and reading) during Covid setting up outdoor libraries and supporting children at home in school with both Read Write Inc books and reading for pleasure.

She has a wealth of information about children's books and knows every child's reading habits and what they might like to read. Our library is the envy of other schools, and this is down to her passion and commitment to our whole school community.

Virginia continues to spearheaded Covid measures in school to keep us all safe.
