

The Children's University and Hanwell Fields School believe that YOU can and do learn anywhere, when doing all sorts of activities, and that you learn best when you decide what you want to learn, when and where, and most importantly, have FUN whilst learning!

The Children's University provides you with the opportunity to take part in exciting and creative learning activities outside of the normal school day and these activities can be before school, during play and lunchtimes, after school, at weekends and during the school holidays.

Celebrating your achievements is very important to us at Hanwell Fields School

Every child taking part in the Children's University is issued with their own *Passport to Learning*.

It is for you to be able to record all of the *Learning Activities at Learning Destinations* that you take part in.

The entries will be evidence of the hours of learning you do and will lead to the presentation of *CU Certificates* at a *CU Graduation Ceremony*.

Learning doesn't just take place in the classroom. *YOU* learn new things in all sorts of places: at museums, on nature walks, by playing sports and music, and much more besides.

The *Passport to Learning* is issued as part of your child membership and will cost £5.00. You will also receive your *CU Awards and Certificates* at a *CU Graduation* as part of this membership fee.

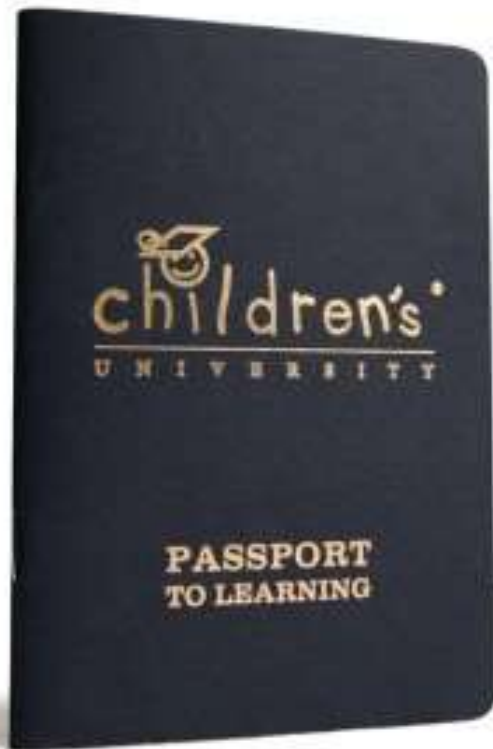

You can use your *Passport to Learning* at *Learning Destinations* across the United Kingdom, as you travel from one *Learning Activity* to another ... after all – travel is what a *Passport* is for!

Some of the hours of learning you collect will be for *CU Learning Activities* you do at school and some of the hours you collect will be for visits to *Public CU Learning Destinations*. All of the *After School Clubs* at Hanwell Fields have been validated and *Bridges Holiday* activities will also be validated.

Most *CU Learning Destinations* display the *Learning Destination* sticker or poster. Remember, you can only use your *Passport to Learning* at *CU Learning Destinations*.

You must take your *Passport to Learning* with you to each CU Learning Activity you attend. The activity leader will fill in your *Passport to Learning* to show you have taken part.

DATE	HOUR(S)	ACTIVITY	STAMP OF APPROVAL
1/3/14	2	CU Live Lecture	
4/3/14	1	After School Cookery	

If you look inside a *Passport to Learning* you will see that you can work through lots of CU Award levels. Starting with your Bronze Award for 30 hours of CU Learning Activities up to a Gold Fellowship Award for 1,000 hours.

Your 30 hours Bronze Award can be awarded for one or more activities but after that you should have at least 5 hours of learning something new for the Silver level and then 10 hours of something new for your Gold and all other Awards over 100 hours.

1. Children's University Undergraduate Level (30 to 400 hours)

The CU Undergraduate Level is the first step on the ladder of national Children's University certification which is all about voluntary participation in high quality out-of-school-hours learning.

Can you record the weather, temperature, how much rainfall and other information?</p> <p><i>2 hours of learning upon submission of your weather journal and the challenge record</i></p>	<p>Write a poem about the season of Spring</p> <p><i>(1 hour learning stamp for the poem and your challenge record)</i></p>

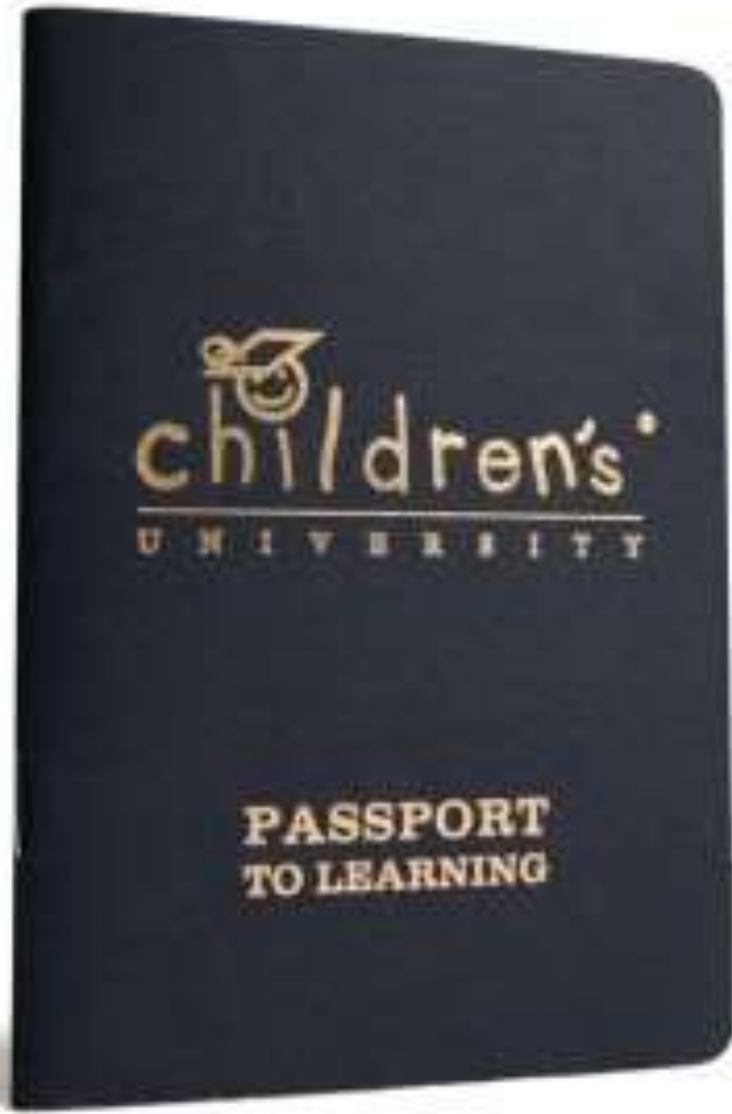

Here at Hanwell Fields Children's University we enjoy seeing the learning challenges you have completed and if you would like to share your work, which your grown up's are happy for us to use on our Facebook and Twitter pages, please email them to Helen.Griffiths@hanwellfieldschildrens.org

Passport Number:

We hope you enjoy taking part in this challenge

That's 9.5 hours of learning!!!

Letters are being sent out this week to parents so you can get your Passport to Learning!
