

'If you go down to the woods!' takeaway homework

The aim is to reach at least 10 homework points by the end of the term. Each project on the menu below is worth a certain amount of points. You can choose which projects you wish to complete to reach your 10 points. Homework can be handed in alongside the homework pouches on a Wednesday. You can choose how to present your homework. For example, you may want to take photos of any practical homework and create a poster alongside any written work you have chosen. Please note, homework will be evidenced in our new Topic Learning Journals and may be used for display around the school.

- Put together a map of the forest, where each of the Gruffalo characters live and the path the Gruffalo takes..... 2 points
- Research a woodland animal and create a poster..... 2 points
- Visit the library to find a woodland book and write a review of the book you read2 points
- Write a postcard from the point of view of the mouse on his day meeting the Gruffalo and post it to school1 point
- Create your own nature sculpture in your garden or at the park using natural objects and send in a photo 2 points
- Tiny treasure hunt - How many woodland treasures can you fit in a matchbox or raisin box? 2 points
