Name: Jo Thorne

Governor Role: Pupil Premium

About me:

My name is Jo and I have been a Community Governor for over two years. As I work as the Careers Leader at North Oxfordshire Academy (part of the United learning family) my passion and a great deal of my role is about widening opportunities for students from disadvantaged backgrounds. It is about ensuring that students are informed about all pathways; facilitating transferable skill development and motivation; and encouraging students' aspirations. I have lots of experience with the outer community and businesses who support me so that students leave with better career outcomes. I believe that every student, no matter their starting place, has the right to the same information and opportunities as this gives them informed choice about which career path they take and they have the right tools and aspirations to be able to follow it.

At Hanwell, I look after pupil premium from a governor perspective: relevant support and challenge around the pupil premium spend and outcomes. Hanwell is very welcoming school and I enjoy my role as it about making a difference.

Name: Fiona Pringle

Governor Role: Parent Governor

About me:

I have had a close relationship with Hanwell Fields for the last 13 years. My two sons have thrived in their care right from the beginning of their education where they learnt through play in Butterflies to year 6 where my youngest son is currently working towards successfully completing KS2.

For 6 of these years, I was also fortunate to work at the school in supporting roles both in the classroom and as part of the Inclusion team. Although, I no longer work at Hanwell Fields, I continue in education helping pupils with additional needs to engage with their learning from a local resource base.

In my downtime, you might find me spending time in my garden attempting to grow my own vegetables, lunching with friends or walking with my family and our two pugs around the local countryside.
