

Pupil Premium Statement

The targeted and strategic use of the pupil premium will support us in achieving our ethos at Hanwell Fields Community School, “**The best in everyone**” so that our pupils achieve their full potential.

The Government believes that the Pupil Premium, an additional funding resource, is the best way to address the current inequalities by ensuring that the funding is used to support disadvantaged pupils who need it most, in particular students receiving free school meals and/or from service families.

The pupil premium for 2013-14 has been allocated to schools. The decision on how the funding is spent has been delegated to the schools. Schools will assess what additional provision should be made for individual pupils. Hanwell Fields Community School will receive £53100.00 this academic year.

Priorities for funding 2013-2014 are:

- Ensuring teaching and learning opportunities meet the needs of all pupils
- Ensuring appropriate provision is made for pupils belonging to vulnerable groups

Provision:

In making provision for socially disadvantaged pupils we recognise that not all of those students receive free school meals and we reserve the right to allocate the pupil premium funding to target support to any pupil or groups of pupils that have been identified as socially disadvantaged. Pupil premium funding will be allocated following needs analysis which will identify intervention classes, groups or individuals.

The range of provision that Hanwell Fields Community School could offer include:
