

Phonics Screening Check

The phonics screening Check is a test taken individually by all Year 1 children in June. It is a 40 word check and will assess your child's phonics skills and knowledge.

It will check:

- Your child can blend graphemes
- Decode one syllable and two syllable words
- Read nonsense words

Parents can watch the Ruth Miskin (RWI) short video to find out what happens during the check and why it is useful by clicking the link below.
