

Competitive Sport

As a member of the North Oxfordshire School Sports Partnership we have access to many different competitive and inclusive sports. We endeavour to give both talented and enthusiastic children the opportunity to compete against other schools in Banbury, North Oxfordshire and at County level.

Over the past 3 years we have developed competitive sports teams that compete within the NOSSP portfolio of sport and against other local schools. This gives children across the school access to numerous different competitive and inclusive sports tournaments. As skills have improved over the past 3 years the school teams have become increasingly successful in these competitions.

In 2016/17 we reached the North Oxfordshire finals (level 2) in tag rugby, athletics and hockey and went on to compete at county level (level 3) in athletics.

In 2017/18 we have already won the year 5/6 tag rugby and sports hall athletics competitions and the year 3/4 football tournament. We were runners up in swimming in both local and regional level and have qualified for the county finals.

Include the results table to date here:

Include pictures of the rugby, football, swimming and netball teams.
